

## IOWA STATEWIDE CONGRESSIONAL TERM LIMITS POLL: EXECUTIVE SUMMARY

Iowa Survey of 500 Likely Voters Conducted January 20-21, 2020

by Pulse Opinion Research

**Survey Summary:** The results of this recently completed statewide survey show that Iowa voters overwhelmingly support term limits for members of Congress. Support for term limits is broad across all political and demographic groups. **An overwhelming 75% of voters approve of an amendment to the U.S. Constitution that will place term limits on U.S. Senators and U.S. House Representatives.** Large majorities also say that Congress members stay in power for too long, and that they're more likely to support state lawmakers who help advance congressional term limits.

*Do you strongly approve, somewhat approve, somewhat disapprove or strongly disapprove of placing term limits on members of Congress?*

***At present the Iowa State Legislature does NOT have term limits on itself. However, if your state legislator voted to place term limits on Congress through an amendment proposing convention, in the next statewide election, would that make you much more likely, somewhat more likely, somewhat less likely or much less likely to vote for your state legislator?***

**Conclusions:** Iowa voters overwhelmingly support an amendment to the U.S. Constitution limiting the terms of all U.S. Senators and U.S. House of Representatives. The intensity of this support is measured in their willingness to vote for state legislators who will vote "yes" on term limits and against those who will vote "no" against term limits on members of Congress.
