WISCONSIN Survey of 500 Likely Voters Conducted January 22-23, 2020

by Pulse Opinion Research

**Survey Summary:** The results of this recently completed statewide survey show that Wisconsin voters overwhelmingly support term limits for members of Congress. Support for term limits is broad across all political and demographic groups. **An overwhelming 74% of voters approve of an amendment to the U.S. Constitution that will place term limits on U.S. Senators and U.S. House Representatives.** Large majorities also say that Congress members stay in power for too long, and that they're more likely to support state lawmakers who help advance congressional term limits.

*Do you strongly approve, somewhat approve, somewhat disapprove or strongly disapprove of placing term limits on members of Congress?*

**Conclusions:** Wisconsin voters overwhelmingly support an amendment to the U.S. Constitution limiting the terms of all U.S. Senators and U.S. House Representatives. The intensity of this support is measured in their willingness to vote for state legislators who will vote "yes" on term limits and against those who will vote "no" against term limits on members of Congress.
