

## Terms & Conditions

1. Holders of Season Pass Products (each, a “Product” herein) and guests to the Resort will be required to reserve parking via Powdr’s third-party vendor (“Parking Reservation System”) if the holder or guest elects to arrive at the Resort in a private vehicle (a “Parking Reservation”).
2. Parking Reservations must be made via the Parking Reservation System. Use of the Parking Reservation System requires registration with the Parking Registration System vendor arrive.com and is subject to compliance with arrive.com’s [terms of service](#).
3. The Resort will designate the locations and timeframes during which a Parking Reservation may be used, which may change from time to time (“Inventory”). The timeframe in which a Parking Reservation is required can be found <https://www.coppercolorado.com/parking>
4. The Resort may adjust Inventory at any time in its sole discretion based on factors including, but not limited to, public health concerns, weather, operational adjustments such as lift operations and terrain openings or closures, events, and mountain school requirements. For the avoidance of doubt, the Resort is not required to provide advance notice of Inventory adjustments. Current Inventory is available via the Parking Reservation System.
5. A holder is not entitled to a Product refund, credit, or other compensation in the event the holder is unable to obtain a Parking Reservation for any reason including, but not limited to, a lack of Inventory.
6. In the event there is no Inventory available for a holder or guest to make a Parking Reservation, a holder or guest may elect to access Resort via other means including, but not limited to, public transportation, ride-share, cab, or other private transportation.
7. A Parking Reservation may be made in one of three ways:
  - a. In advance for any seven days during the Resort’s scheduled operating season (“Advance Reservation”) provided Inventory is available. A holder is entitled to seven (7) Advance Reservations at any given time. Once an Advance Reservation is used, the holder may make an additional Advance Reservation; provided that the holder does not have more than 7 Advance Reservations at any one time.
  - b. On any given day, for up to seven (7) consecutive days (“Unlimited Week-of Reservations”) provided Inventory is available. Unlimited Week-of Reservations do not affect Advance Reservations.
  - c. Upon arrival at the Resort provided Inventory is available (“On-Site Reservations”).
8. The Resort may elect to impose a fee or other cost to make a Parking Reservation, which fee or cost may change from time to time. A Resort may elect to impose a fee or other cost to make a Parking Reservation for some, but not all, of the Inventory. Fee information, if applicable, may be found <https://www.coppercolorado.com/parking>.

9. A Parking Reservation does not entitle a holder or guest to access the Resort in the event of a Resort Closure.
10. Any holder who accesses Inventory without a Parking Reservation will be subject to penalties in the Resort's discretion including, but not limited to, revocation, cancellation or withdrawal of the Product, cancellation of any existing Parking Reservations, physical removal of the vehicle, elimination of the right to make additional Parking Reservations, imposition of additional fees, or loss of right to purchase additional Products or otherwise access the Resort.
11. Any holder who makes more than one Parking Reservation per day for an individual holder or guest, or who otherwise violates the terms of service applicable to the Parking Reservation System, will be subject to penalties in the Resort's discretion including, but not limited to, revocation, cancellation or withdrawal of the Product, cancellation of any existing Parking Reservations, physical removal of the vehicle, elimination of the right to make additional Parking Reservations, imposition of additional fees, or loss of right to purchase additional Products or otherwise access the Resort.
12. A holder may cancel a Parking Reservation within the timeframe established by the Resort, in its discretion, without penalty. The timeframe in which to cancel can be found <https://www.coppercolorado.com/parking>.
13. If a holder repeatedly fails to properly cancel a Parking Reservation the Resort may elect to impose penalties. Penalties may include cancellation of any existing Parking Reservations or elimination of the right to make additional Parking Reservations.
