

Fall 2021 Member Survey

Educator Preparation Responds to COVID-19

Survey Results & Discussion

January 12, 2022

Jacqueline E. King, PhD

Senior Consultant, AACTE

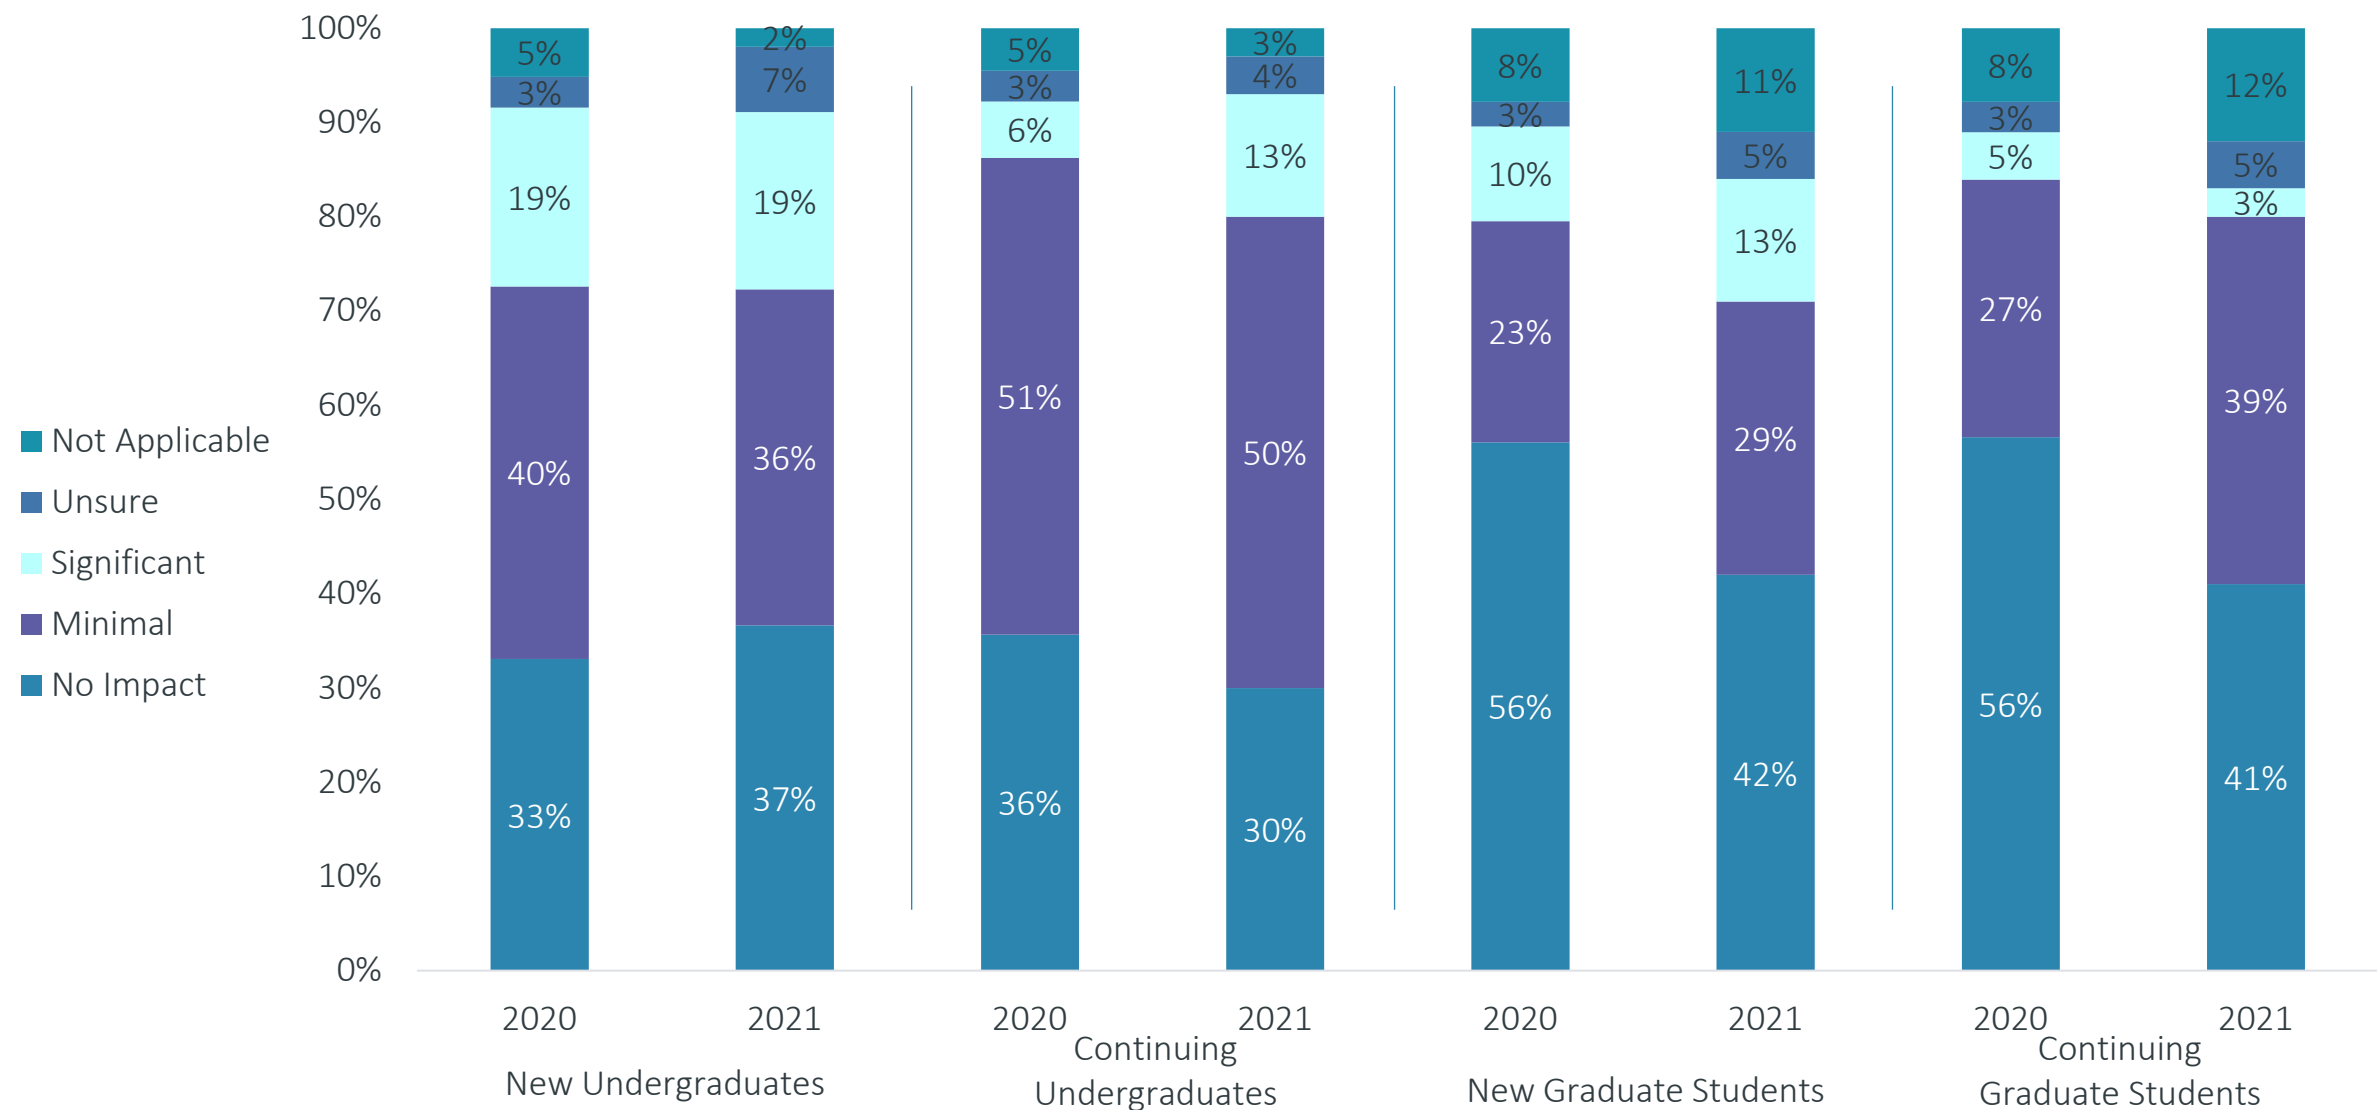

Results of Member Surveys

Spring 2020, Fall 2020, and Fall 2021

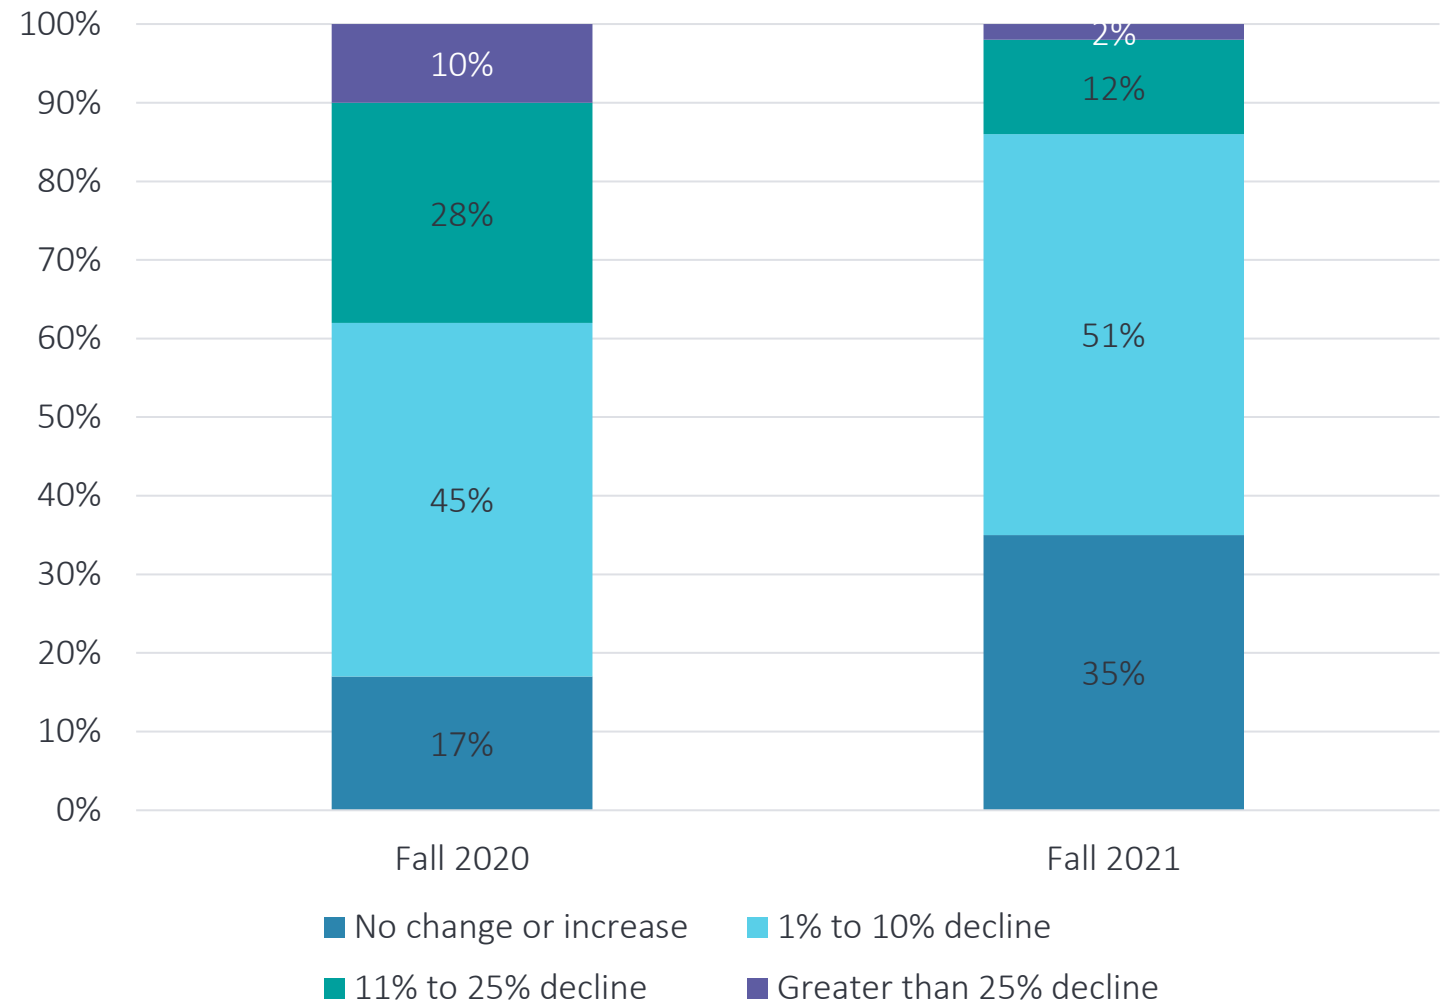

Effect of COVID on Fall Enrollment

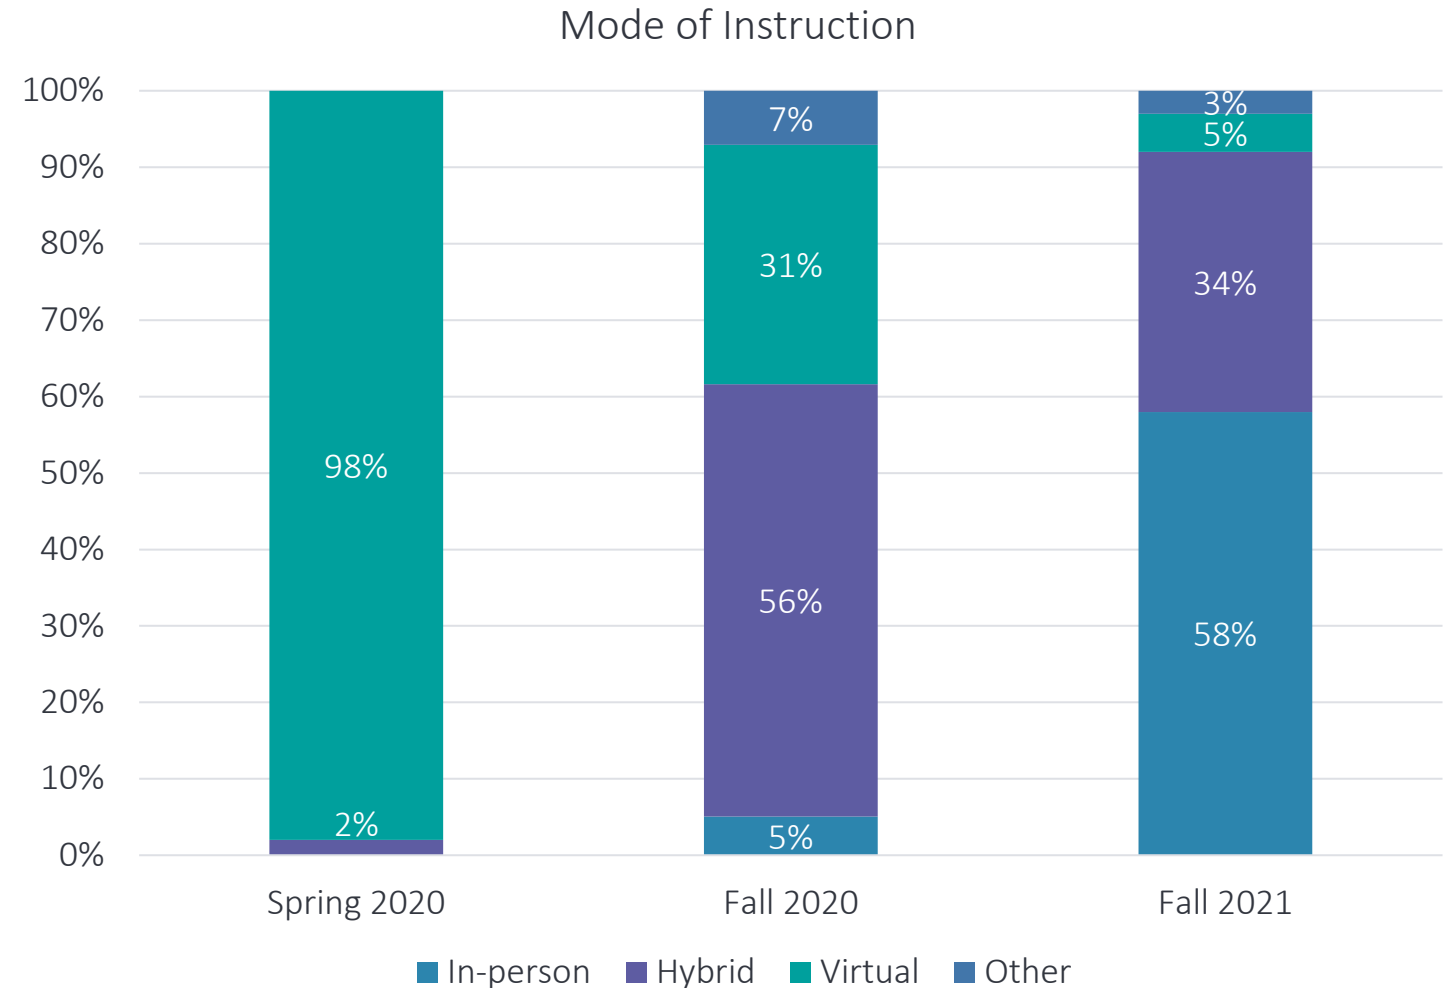

Effect of COVID on Budgets, Staffing, and Programs

- 68% of fall 2021 respondents reported no major change to staffing, up from 51% in fall 2020.
- 87% of fall 2021 respondents reported no change to program offerings, up from 76% in fall 2020.

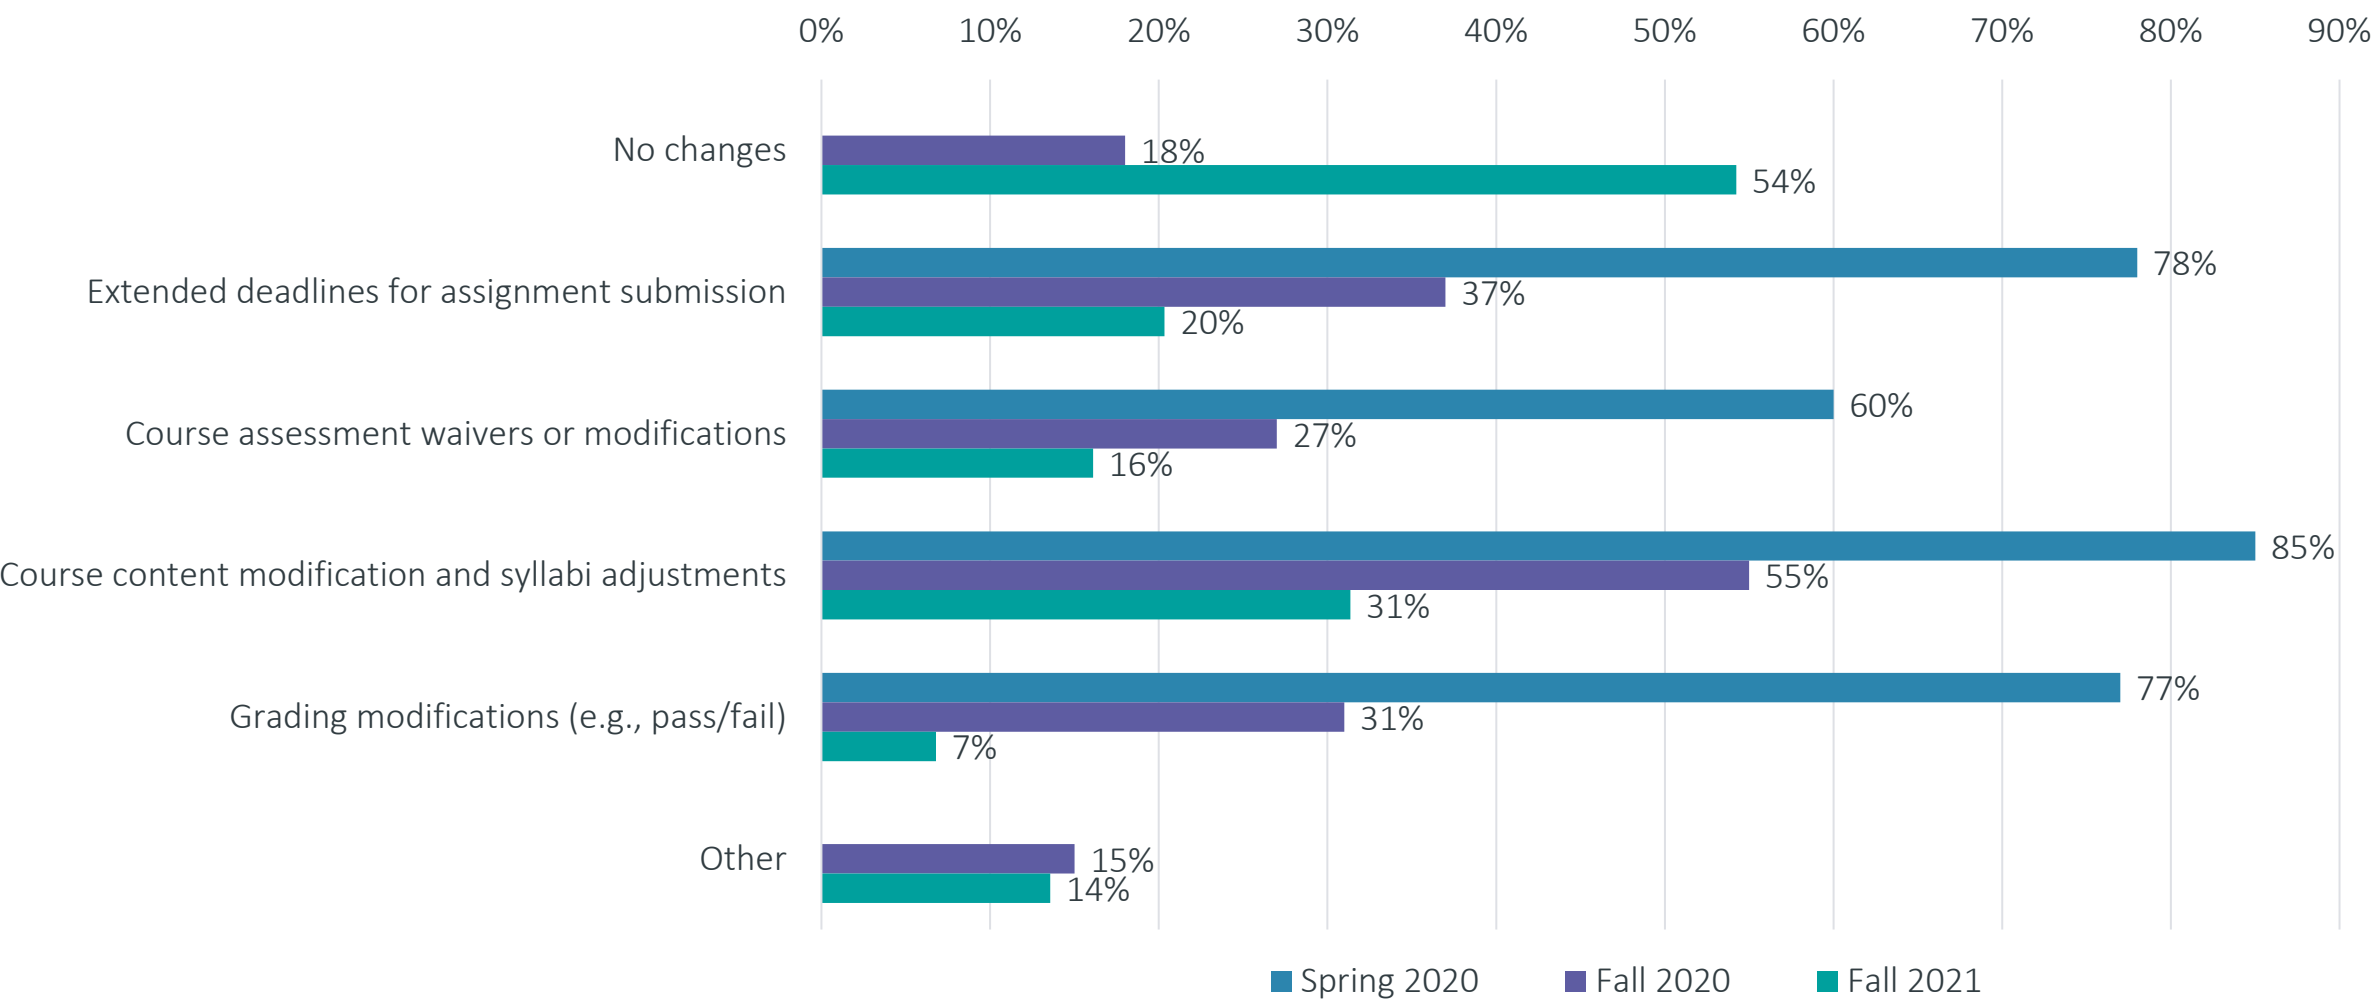

Mode of Instruction and Clinical Placements

- All members reported resumption of clinical placements in fall 2021, and 80% of those placements were in-person.
- 87% of fall 2021 respondents reported contingency plans for clinical placements. These include changing schools/districts (60%), simulation (57%), and supplementary projects (51%).
