

art for kids

No matter what Dad's chosen beverage is, he'll love these decorated cork coasters made especially for his Father's Day gift. A fun and easy project for kids of all ages.

Gather these supplies:

- Cork coasters
- Permanent markers
- Painter's tape or masking tape

art for kids

How to decorate the coasters:

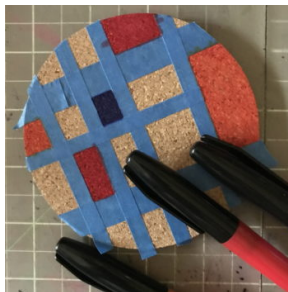

1. Use painter's tape or masking tape to tape off your design areas.

2. You can cut narrow strips of tape, if you want them.

3. Use the permanent markers to color your designs. Peel the tape away when you are finished.

4. You can also draw freehand designs.

5. For a monogram option, download the appropriate stencil file—letters [A-K](#), [L-V](#), or [W-Z](#). Cut out the letter. Place the template on the coaster. Trace around the letter. Color it in.
