2. Print the [Paper Egg Template](#), then cut eggs from pastel colored cardstock and patterned paper. You can also decorate the blank templates with your own designs.

3. Pierce two holes at the top of the paper plate for the hanging loop. Thread the 12" length of ribbon through the holes, and tie with a knot.

4. Hide the knot by sliding it to the back side of the plate.

5. Glue the first layer of eggs to the paper plate. I used all solid colored eggs.

6. Then, glue on the second layer of paper eggs.

7. Tie a bow with the 16" length of ribbon, and glue it to the top center of the wreath.

8. Your paper Easter egg wreath is ready for display. Happy Easter!!
