Here's how to make your Easter Bunny Finger Puppets:

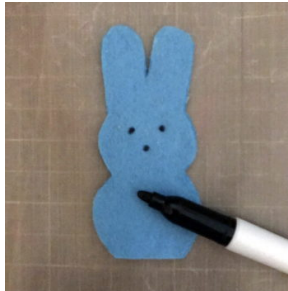

1. Print the [Easter Bunny Finger Puppet template](#). Trace the pattern on the felt and cut out. You'll need two bunnies for each finger puppet. The template has bunnies in two sizes.

2. Add a bead of glue to the edges of one of the bunny pieces. Be sure NOT to glue the bottom—that's where the finger goes! Lay the second bunny on top, and gently press the edges to seal. Set aside to let the glue dry.

3. Add eyes and a nose with black marker. You can also add shading to the ears with a pink marker.

4. Now you're ready to stage your own Easter Bunny Finger Puppet show!!
