The Wellesbourne

Good evening and welcome to your new home away from home!

The Wellesbourne; a lounge that will transport you to a world of 19th Century English styling, understated elegance and charming home-like comforts. The Wellesbourne was named after a small village near William Shakespeare's hometown of Stratford Upon-Avon and is inspired by the countryside estates and old English manor houses found in the area. All of the paintings, decorative objects, mirrors and even the front door of this stately lounge have been sourced and shipped from England to provide the most authentic experience.
